

400XY / NAPOLEON STREET

A High-Concept Sci-Fi Action Thriller & Global Tentpole

You are more than the body you live in.

ASSET CLASS	Feature Film / Animation Series
STATUS	Active Financing
TARGET	\$5M USD Equity Raise
PRIORITY	L.I.F.O. (Last-In, First-Out)
HORIZON	8 Months
TARGET ROI	25%

Executive Thesis: A Multi-Format Screen Property

400XY / Napoleon Street is the current investor-facing package for the property historically known as 400 Boys / Legend of the Belt.

[CONFIRMED]

IP Core

Dual-Engine

Live-Action Feature

Provides immense provenance, a documented rebate infrastructure, and massive franchise upside.

Adult-Animation Series

Provides a fast, low-capital route to market, establishing the IP quickly while preserving feature-film upside.

PROPERTY ARCHITECTURE

LIVE-ACTION FEATURE

400 Boys / Legend of the Belt

Role: Provenance + High-Upside Path

Key Assets:

- 2026 preliminary budget model
- Greek 40% rebate assumption
- Canadian federal/provincial tax-credit history
- Hungarian rebate certification history

ANIMATED SERIES

400XY / Napoleon Street

Role: Faster Proof-of-Market + Platform Packaging

Key Assets:

- 8 × 30-minute adult-animation season
- SAG-AFTRA voice talent model
- English master + Korean/Mandarin dubbing
- Tiered cost execution scenarios

DOSSIER NOTE: Use 400XY, also known through prior materials as 400 Boys, to protect continuity across older financing, rebate, and rights documents.

The Animation Arbitrage Strategy

€8.0M Buyer Positioning
(€1M × 8 episodes license value)

~€6.23M Implied Gross Spread

(before deal costs, taxes, and final waterfall)

~€1.03M

Lean: ~€1.03M
(Base production)

~€1.77M
(~€199K/ep)

Target (Mid):
~€1.77M
(~€199K/ep)

~€2.95M

Premium: ~€2.95M
(High-end execution)

Format Details:

- 8 × 30-minute adult-animation season
- English master + Korean/Mandarin dubbing + 6 subtitle languages
- AI-assisted generation + 2.5D compositing

Investor-Safe Governance Quote

“The producers are developing 400XY as premium international adult animation in response to active buyer appetite, with platform-level discussions and localization strategy subject to documentation and definitive agreements.”

Investment Pathways

Path A: Animation First

Capital Required:

€1.0M–€3.0M

Profile:

Fastest story. Finance
Season 1 or proof package.

Upside:

Shorter path to platform
discussion; establishes IP
before feature production.

Path B: Incentive Bridge

Capital Required:

**Varies against
verified incentives**

Profile:

Most structured. ~12 Months.
Senior / first-position
structure.

Upside:

Bridged against verified
Canadian/Greek tax credits
(requires CPA/legal security
docs).

Path C: Feature / IP Equity

Capital Required:

**€10.5M net
requirement**

Profile:

Longest duration.
Largest upside.

Upside:

Participate in feature film
and broader global
franchise.

Reduced risk

[TO VERIFY]
Optimized production

The 400XY Synthesis

1. Content First

The IP is globally viable, possessing a documented international footprint and clear provenance.

2. Format Flexible

Engineered for either live-action scale or animation agility depending on capital structure.

3. International by Design

Optimized for global rebates, localized platform distribution, and multi-territory financing.
